Lavender Baron, through his early performance as a breeding bull has merited a prominent place among the sires in use here. He represents a concentration of the blood of Parkdale Baron, being by him and out of a cow whose dam is the dam of Parkdale Baron himself. He is of the Parkdale Baron type, with great scale and vigor, splendid breeding head and front, and it is doubtful if we have used a bull whose calves were more promising than those which have been dropped from his service. We are not hesitating to mate him with as good cows as are in the herd.

Edgecote Supreme is regarded a very happy selection of a herd bull for various reasons. In breeding he brings to the herd the blood of the great Earl of Kingston through Edgecote Toft, modifying the outcross by being out of one of the very best daughters of Village Supreme, from one of our favorite families and carrying successive generations of our own breeding by bulls which have been instrumental in making the hard what it is. In conformation he represents that compact, early maturing type, with great depth and thickness. This combination of form and ancestry has in our opinion fitted him for special service in our herd and we are mating him liberally with many of our best females.
